Palak Kasaudhan

Frontend Developer(React)

Professional Summary

Dynamic and detail-oriented front-end developer skilled in building responsive user interfaces using HTML, CSS, JavaScript, and React. Proficient in leveraging the DOM for interactive designs and experienced with Git for version control. A quick learner committed to delivering clean and efficient code.

Projects

Bluefly [Live Demo Link](#) [Github Repo Link](#)

HTML CSS JavaScript GitHub

- Developed an online fashion retail website with HTML, CSS, and JavaScript, offering luxury brands at discounted prices.
- Implemented category-based shopping and key features like product pages, super value deals, and add-to-cart functionality.
- Ensured responsive and user-friendly design, enhancing user experience across multiple devices and platforms.
- Utilized GitHub for version control and project management.
- Executed the project independently within 10 days, showcasing efficient coding and problem-solving skills.
